MISSION STATEMENT

Guided by the life and teachings of Jesus, the mission of Presbyterian Senior Living is to provide compassionate, vibrant, and supportive communities and services to promote wholeness of body, mind and spirit.

Dan Davis
President/CEO

A Legacy of Generosity and Impact

Dear Friends of PSL,

If you have been around our organization for very long you have surely come across the name of Ellen Parker. She performed a great act of kindness that started The Presbyterian Home of Central Pennsylvania as it was called in 1927, when she donated her house and farm to care for widowed women.

During those initial years, fundraising was not just another revenue line of the budget, it was pretty much the only revenue line on the budget. With just an annual budget of \$8,000.00 to house, clothe and feed 9 women it took a tremendous amount of effort and generosity from many of the local Presbyteries who included the 'Homes' in their budgets and special collection efforts.

Today, Presbyterian Senior Living provides housing, health care and related services to over 6,000 people per year with an annual operating budget of approximately \$250M. Over the years our sources of revenue have broadened so that we do not totally rely on philanthropic sources, however, we do still provide over \$32M in uncompensated care! And I am proud to say that PSL has never asked anyone to leave one of our communities because they have exhausted their resources.

While we greatly appreciate the donations we receive from the churches and presbyteries in the communities we serve, many are facing their own financial challenges and consequently are unable to give to our ministry as they have in the past. As such we continue to look to our other friends to make that impact on the lives of the people we serve.

Presbyterian Senior Living has been richly blessed by those of you who share our sense of mission to provide a place where seniors can thrive. Your contributions are critical to supporting the health and wellbeing of those individuals who call a Presbyterian Senior Living community home. You allow PSL to continue to be on the leading edge of industry developments and the provision of vibrant communities where individuals can lead a truly joyful life!

Thank you for making an impact in someone's life.

In your service,

A handwritten signature in cursive script that reads "Dan Davis". The ink is dark and the signature is fluid and personal.

Dan Davis
President/CEO

Maggie Bowley
Vice President, Resource Development

Where Generosity and Impact Meet

At first glance, the work of the Office of Resource Development may seem like fundraising in its simplest form: team members of Presbyterian Senior Living (PSL) seeking financial contributions to support the organization. But in fact, our efforts are far more meaningful than that. Rather, it is our privilege to create connections between the needs of individuals and communities of PSL and those whose generosity can impact those needs.

We are focused on creating connections in three primary areas – resident assistance, community enhancements and resident enrichment. Resident assistance support aids PSL in providing care for those who have outlived their resources. By doing so, we remain true to our roots of providing housing and other services to those truly in need. Community enhancements allow PSL to connect the capital needs of the communities with those who recognize those needs and want to respond. Examples of these can include such things as purchasing new equipment that will allow us to better serve residents, and endeavors such as erecting structures and creating spaces that encourage meaningful resident interaction and inspire friendship. Finally, resident enrichment support provides activities and events for those in personal care, assisted living and skilled nursing. Whether it is in securing supplies for Community Life programming, or in engaging the services of outside entertainers, resident enrichment support brings joy to those who reside in these levels of resident life.

Through it all, the connections that have been created and strengthened through the years are critical to PSL's ability to meet the needs of our many residents. Without the generosity of the team members, residents, community organizations, businesses and corporations, foundations and churches, our ability to impact residents and meet these needs would be greatly compromised.

As you read the 2023 Impact Report, please know that we are grateful to you and our many other donors who have made these things possible. Your connection to and partnership with PSL is what allows us to fulfill our mission "...to provide compassionate, vibrant and supportive communities and services to promote wholeness of body, mind and spirit." We are most grateful to you for all that you do to further our success.

Sincerely,

Maggie Bowley
Vice President, Resource Development

Connecting the Larger Community to PSL

During an early 2023 cardiac incident at Grace Manor, emergency medical personnel arrived on site more than 20 minutes after the call was made. Very fortunately – thanks to the quick and selfless response of a few residents whose backgrounds include CPR training – the resident survived and is recovering. But it was a sobering reminder that every minute counts when waiting for first responders.

Grace Manor, an extension of St. Andrew's Village in Indiana, PA, joined the Presbyterian Senior Living network in 2008. A haven for Indiana County seniors to age in place, this seven-acre campus features 17 spacious market rate rental apartments.

The Indiana County Endowment (ICE), recognizing the opportunity to support Grace Manor in the event of a future emergency, has generously awarded a grant for the purchase of an Automated External Defibrillator (AED) for this campus.

Established in 1990, ICE is a product of Indiana County locals' heart for their community. An outpouring of contributions, time, and talents has supported worthwhile programs and projects over the course of more than three decades.

"We are pleased to invest in the well-being of our neighbors at Grace Manor. Having a portable, safe, and easy-to-use AED on-site can make all the difference during a cardiac event," said Dr. Bonni Dunlap, Indiana County Endowment President. "Access to the new AED has the potential to dramatically increase the chance of survival in this kind of life-or-death situation."

Ambulance response time may not be a factor that residents can control, but an AED can save a life in the minutes between cardiac arrest and the arrival of first responders.

Tom Koehle
Director of Partners in Mission

Connecting Philanthropy and Healthier Living

Founded in 2006, the Ackroyd Family Foundation was formed to encourage people to live healthier lives. Inspired by Ted Ackroyd's late wife, Sally Lou, it is a way for the Ackroyd family to give back to their community.

Guided by that desire to give back, the Healthier Living Challenge was launched at PSL's affordable housing communities, offering a challenge to the residents to live healthier lifestyles. Ackroyd calls the Healthier Living Challenge system "a donation system like no other" where healthier days lead to healthier living. Residents are challenged to complete challenges like drinking more water, eat a healthy snack, get eight hours of sleep, or meditate for 30 minutes a day. Residents are provided daily challenges over a 30-day period. For every successful portion of the challenge they meet, a financial reward is earned in return for their community from Healthier Living Challenge funds.

Left to right: Ted Ackroyd with Tom Koehle, Director of Partners in Mission

Initially funded exclusively by the Ackroyd Family Foundation, now several PSL Partners in Mission have joined in supporting this important program. Funds earned have purchased such community enhancements as garden planters, solar lighting for outdoor gardens, counter top ice makers for residents, Amazon Echo devices for music and meditation, fitness instruction, and puzzles for mental stimulation.

Based upon the success of the Healthier Living Challenge, the Sunshine Endowment for Healthier Living was established to ensure the Healthier Living Challenge lives on and that residents of the affordable communities continue to be encouraged to live healthier lives.

Ultimately, the goal of the Sunshine Endowment for Healthier Living and the Healthier Living Challenge is to encourage residents to improve health and quality of life. Challenges are intentionally designed to be simple, achievable, and truly beneficial. With clear activities and tangible rewards, the program fosters teamwork within the community – both to meet the challenge and decide on purchases and, sometimes, even a little healthy competition.

John Ross
Director of Donor Outreach

Securing the Future and Honoring the Past

Residents at Green Ridge Village (GRV) were pleasantly surprised when an anonymous donor made a gift to build an outdoor space for all residents to socialize. The anonymous donor jump-started the process to create a wonderful space with a lead gift covering almost half the cost. From there, a focus group of residents convened to brainstorm the features for a pavilion. Residents, team members, and others banded together for fundraising. A couple residents agreed to pool some of their donations and use it as a dollar-for-dollar match to encourage donors. Seeing how successful this effort was, the FANS (Friends and Neighbors of Swaim- formerly known as the GRV Auxiliary) also offered a match to get the campaign to the “finish line.”

The pavilion was named in memory of Ellen Ard Parker who was instrumental in starting the corporation that eventually became Presbyterian Senior Living. She was the philanthropic woman who made it all possible with the donation of her land that would become Green Ridge Village. It is fitting that the current residents honored her in this way.

Janet Polak

With much appreciation, Janet Polak, president of the Independent Living Resident Association expressed, “We are forever thankful for the original anonymous donation and the fundraiser to create the Ellen Parker Pavilion, honoring her legacy. We will be 100 years old in 2027, and we now have a place for everyone!”

The Parker Pavilion is used year-round and has been a welcome addition to the Green Ridge Village community. Fellowship and friendship among the residents is a hallmark at GRV and this allows them to get together to play games, to grill, or to simply enjoy the company of each other!

Scholarship Funds Making an Impact

Connecting Team Members with Their Future

Rita Goldman

What do a nurse, a teacher, and a truck driver have in common? Although that might sound like the beginning of a dad-joke, it is quite the opposite. It is an amazing gift that residents of Cathedral Village have given to team members.

In 2022, a committee of residents led by Judy Borie, banded together to raise money to endow a fund that would provide scholarships to the well deserving team members who wanted to further their education or training. Today, the endowed fund has a balance of almost \$250,000 with the interest being used to award scholarships.

Three of the professions that team has received money for are nursing, teaching, and truck driving. The Staff Education Fund committee believes lifelong learning is important. All of the recipients of scholarship funds have an impact on Cathedral Village residents, either directly or indirectly. The committee actively recruits team members to apply. Rita Goldman, current co-chair of the committee remarked, "As a former educational administrator, I've seen first-hand the power an education has in enhancing lives. It is very gratifying to be working to assist our dedicated team members in their educational goals." Many residents feel this is a tangible way to help many of the team who help them daily.

There is an old saying in fundraising - Don't give until it hurts, give until it feels good. Those positive vibes remain within the committee and this year they seek to fundraise to add more to their endowed scholarship fund, so that they can award more scholarships and impact more lives. Rita concluded, "I'm very happy to see how we positively affect the aspirations of our team members as they continue their education. I think this fund and initiative are good for both the donors and team members."

Emmy Gooch

For years, Emmy Gooch has been committed to education and realized the need for individuals to continuously improve their career in their professional endeavors. Being active in her community, Emmy began to see notices in the commons about a new scholarship being created. The PHPH scholarship is for employees of Westminster Woods, Presbyterian Village at Hollidaysburg, and Windy Hill Village to apply and obtain funding for continuing education. Whether it's for a nurse practitioner to take a course to obtain a higher certification, or a maintenance professional to attend courses at a trade school, the scholarship covers all spectrums of education. These notices caught Emmy's attention and she met with the executive director of Westminster Woods to learn more about how she could get involved.

Like many donors, Emmy's interest in education contributed to her donating to the scholarship. She wants young folks to get an education. Many who may want education beyond high school, don't have the financial means to obtain it. Emmy would like to see the upcoming generations to have a career and a comfortable life. She understands that education can be expensive but for those who wish to go to college or obtain a certification this scholarship will serve that purpose.

Emmy has advice for those who may want to contribute to this scholarship: "Think about the debt these young people have if they graduate with a degree from college. Even if they don't graduate, they come out with debt. It's the debt that keeps people from going to college," she notes.

Scholarships such as the PHPH Scholarship will give people the opportunity to further their education. Young people should have an opportunity to better themselves, without feeling they shouldn't for fear of the expense.

Her awareness of poverty and challenging lifestyles that are prevalent in today's society motivate Emmy to give funds to help individuals in those situations. With her support of this scholarship, she hopes that others will follow her lead and contribute. The scholarship is close to the endowment level but Emmy's goal is to see it not only funded to that \$25,000 level, but to see it continue to grow so that current and future employees can take advantage of this opportunity.

Jason Lyons
Director of Donor Outreach

Connecting Team Members and Those We Serve

Every year, PSL employees have the opportunity to participate in the employee giving campaign, designed to offer them an opportunity to financially support their community and their fellow team members.

At Kirkland Village, this year's campaign began with Brian Chuck and Eddie Sanchez hosting a "walking" taco sale. "Who doesn't love tacos?" they both said with a smile.

Brian Chuck and Eddie Sanchez, were selected to help spearhead the campaign at Kirkland Village with giving events and gatherings. This was their first year championing the campaign.

When asked what motivates them to give, Brian replied, "The campaign benefits other residents and other team members." In fact, last year when Eddie's father passed away unexpectedly, Eddie benefited from the campaign's Caring Community Employee Hardship Fund. This is the main reason he chose to participate. It was his way of giving back to PSL.

Both Brian and Eddie describe themselves as "people persons." Being in the maintenance department they come to know a lot of team members and have gained a great rapport with many of the them on the community's campus. They attribute much of their success to showing a friendly face, effectively communicating the benefits of the campaign and most of all, having a positive attitude.

Other fundraising activities included a weekly pizza drive. For a donation of at least a dollar, employees could get a slice of pizza and a soda, and participate in the campaign. Eddie further mentioned that some employees would get a whole pizza for eight dollars for their family's dinner; some employees would purchase two to three pizzas at a time! The dining team assisted Bryan and Eddie with these events as well, and were very happy to aid such a great cause.

Next year, Brian and Eddie are excited to build on the success of this year's campaign by being a little more organized, and they feel that with extra preparation they'll gain greater results. Further, they drove home the point that it's all about how you portray and present the employee giving campaign. Realizing and communicating that the campaign is not only good for PSL residents, but also the employees, it's good for everyone involved. Finally, they said, "every now and then, everyone needs assistance." Keep up the great attitude and you'll get great results every time.

Left to right: Brian Chuck and Eddie Sanchez

Legacy Circle

Members of the Legacy Circle of Presbyterian Senior Living (PSL) are very special women and men who have created a legacy during their lifetime. All donors who make PSL aware of their intentions to make a planned gift may become a member of our Legacy Circle.

Impact

Generosity

Partners in Mission

The Presbyterian Senior Living Partners in Mission program was established to benefit organizational and local fundraising endeavors. Partners in Mission donors support communities throughout the system, expand PSL's mission of caring for residents if they exhaust their resources, and assist communities in furthering their philanthropic mission via events, corporate support and vendor support.

Visit: www.psl.org/partners

Ways to Give

Cash

You can easily make a gift by check, credit card or cash. It's easy to make an immediate or recurring gift using our website, www.psl.org/donate.

Bequests

It's easy to designate PSL as a partial beneficiary of your will or living trust. You can specify a fixed amount, a percentage of your estate, or the residual value after other gifts have been made. There are many options, talk to your attorney about this in more detail.

Appreciated Securities

Gifts of appreciated securities made directly from your account to PSL can help you save taxes on capital gains and get an income tax deduction for the full value of the gift.

Charitable Gift Annuity (CGA)

In return for a gift of cash or appreciated securities, in a CGA contract, PSL will pay you a fixed income for your life. You receive an immediate, partial income tax deduction and lifetime income, a portion of which may not be taxable.

Partners in Mission

Businesses can become a Partner in Mission by making a gift to a special event or a specific community. This group of major donors can make a single contribution that will benefit multiple needs throughout our organization.

IRA Beneficiary

IRA assets are taxable when you pass on. By naming PSL as a beneficiary of your IRA, you can substantially reduce the tax exposure to your estate and your heirs.

Life Insurance

There are many creative options in making a gift of life insurance to PSL. You can transfer ownership, name PSL as a beneficiary or gift the policy outright. There are several tax advantages in making this type of gift.

Matching Gifts

Many businesses will match employee gifts. Gifts from company retirees often also qualify for a match. Submit applicable forms to your employer to multiply the impact of your gift.

The IRA Qualified Charitable Distribution (QCD)

For those over age 70.5 who have an IRA, you can save taxes every year by making a direct distribution from your IRA to PSL. As long as the amount of your gift is equal to or greater than the fully taxable amount of your required minimum distribution (RMD), you do not need to take that taxable income from your IRA.

Discuss Ways to Support

Call 888-530-6329 or
email resourcedevelopment@psl.org.

OUR VISION

Build a culture of aspirational aging that inspires people to live their best life, harnesses the energy of our similarities and differences, and supports a joyful aging experience.

OUR VALUES

Mutual Respect

Listen to others' voices. Seek to understand different perspectives.
Champion individual choice.

Connectedness

Create community. Value the collective power of teamwork.
Enrich through common experience.

Integrity

Garner trust through our interactions.
Be accountable for our work.
Steward our resources wisely.

Creative Curiosity

Discover what's possible. Be leaders in our changing world. Create a better way.

PRESBYTERIAN
SENIOR LIVING

One Trinity Drive East, Suite 201 | Dillsburg, PA 17019
717-502-8840 | www.psl.org

As a faith-based organization, Presbyterian Senior Living is founded on the belief that every human being is of infinite worth as a unique creation of God. Based on this premise, Presbyterian Senior Living is committed to fully embracing the diversity of all persons served, so that together, we can foster a culture of inclusion in an environment free of all forms of discrimination where all people are treated with dignity and respect. Our goal is to cultivate awareness and understanding of personal differences and biases so that an environment of understanding, acceptance, respect and support is established.
